*Now is the Time to Order Your 2005
Kay's Purely Pastured™ Beef*

First Meat Day for This Season: May 21

Announcing '05 Meat Days

This season we are pre-announcing all of our planned pick up dates for pre-ordered beef.

May 21

June 25

July 30

August 27

September 24

October 22

Dates are subject to change due to weather or other conditions affecting production.

Last year we were consistently sold out, so please anticipate your needs and place your orders as soon as possible.

You can do this by emailing us at info@kaysfarm.com, calling us at 262-375-1702, or mailing an order to the address indicated on page 2 of this newsletter.

We plan to post availability on our website:

www.kaysfarm.com. We will mail you a post card if we must change the pick up date for your order.

After pre-ordering, if you decide that you do not need meat, you can call to change your pick up to a later scheduled date.

We also have plain and garlic summer sausage and our beef chips available. Each package weighs 1 pound and the price is \$9.00.

We look forward to serving you this season.
